

“Mirror, Mirror on the Wall” July 2022

Who do you “see” when you look into the mirror? Is the image looking back at you a reflection of your current reality, or a dream of your past or future? A look in the mirror can focus in many places... on the surface of what is, outward to places we haven’t gone yet, or inward at our soul. This is an opportunity to explore highly personal issues of body image, sexual orientation, aging and unrealized dreams... to name just a few. Two and three-dimensional work in all mediums will be considered.

Please include a SHORT statement about how you, the artist, see yourself. We will display it next to your artwork.
